CIT's Grand Inauguration Ceremony Marks the Dawn of a New Academic Year

On September 13, 2023, Cambridge Institute of Technology (CIT) witnessed a momentous occasion as it inaugurated the 1st year Bachelor of Engineering Programme for the batch of 2023. The ceremony, held at Sir.M.V.Auditorium,5th Floor,CIT was graced by dignitaries, esteemed guests, professors, parents, and, most importantly, the bright and eager students embarking on their academic journey at CIT.

The lamp lighting ceremony followed, symbolizing brightness and prosperity in the students' educational journeys. Sharon welcomed the beloved Principal, Dr. Indumathi, who, in her address, underscored the institution's commitment to nurturing strong leadership and academic excellence.

Principal Dr. Indumathi highlighted CIT's impressive journey, including advanced research projects, industry collaborations, and a strong focus on holistic student development. During her insightful address on CIT's achievements and vision, Dr. Indumathi G. , Principal –CIT proudly stated, 'We are inaugurating the 17th batch, a journey that began in 2007. With over 3500 students across 12 dynamic departments, CIT stands as the sole institute to secure a MEITY grant of 4 crores for the C2S program. Our accomplishments include collaborations with 175 companies and the highest package reaching 27 LPA. Beyond academic excellence, we now emphasize advanced research, real-time projects, and internships to ensure our students are industry-ready. Our Samsung partnership has successfully placed around 150 students, marking a new milestone.'

CIT's Grand Inauguration Ceremony Marks the Dawn of a New Academic Year

Dr. G. Jagadeesh, the esteemed Chief Guest from IISc, shared valuable insights, emphasizing the importance of digital and data competency, critical thinking, emotional intelligence, and creativity for students' success in the industry.

Dr. G. Jagadeesh, during his address, shared profound wisdom with the audience, stating, "In the realm of education, where we embark on a journey filled with both excitement and uncertainties, it's important to remember the values that guide us. Cherish the support of your parents, for their unwavering love is your greatest strength. Nurture friendships, for they are invaluable companions on this journey. Enjoy life to the fullest while fulfilling your responsibilities, and always respect those who contribute to your growth. Maintain the right mindset, be open to learning, and embrace every opportunity for growth."

Mr. Karthick Krishnamoorthy, the Guest of Honor, highlighted the significance of self-appreciation and the five key aspects—digital competency, data competency, critical thinking, emotional intelligence, and creativity—for students to excel in their careers.

Mr. Karthick Krishnamurthy inspired the students with a powerful quote "Success is not reserved for those who accomplish extraordinary tasks; rather, it favors those who consistently do exceptional work, even in their ordinary roles". This quote underscores the importance of consistent effort and dedication in achieving success in one's endeavors.

CIT's Grand Inauguration Ceremony Marks the Dawn of a New Academic Year

The ceremony also featured the distribution of prizes and awards to the institution's toppers, acknowledging their academic achievements.

The release of the institution's newsletters, "Cambridge Times" and "Inspire," celebrated CIT's achievements, student-centric activities, and milestones.

Shri. D K Mohan, Chairman-CGI conveyed heartfelt congratulations to the academic toppers and extended his best wishes for their future endeavors. He warmly welcomed all the students into the Cambridge Institute of Technology community, expressing gratitude to the parents for entrusting their children's education to the institution.

Reflecting on the transformation of education from 2002 to the present day, he acknowledged the evolving challenges posed by subjects like AI, ML, and Coding, emphasizing the need for adaptability in this fast-paced world. He urged parents to play an active role in monitoring their wards, considering the prevalent distractions. He proudly mentioned the institution's strong collaborations with industries, regarded as the best in the country. While urging students to enjoy their time at the institution, he emphasized the zero-tolerance policy for ragging and disciplinary issues.

He concluded his speech by congratulating the faculty, staff, and all stakeholders for the institution's success and reassured parents that students' well-being would be a top priority.

"Education is the key to success, and at Cambridge Institute of Technology, we unlock the doors to a brighter future for our students." - Chairman Shri. D K Mohan

Dr. Shanthi, Dean of Basic Sciences, extended a heartfelt vote of thanks, expressing gratitude to all who contributed to the ceremony's success.

The event concluded with the national anthem and a call to proceed for lunch, fostering a sense of unity and celebration among all attendees.

CIT's inauguration ceremony for the batch of 2023 marked the beginning of a promising academic year filled with opportunities for growth, learning, and innovation. The institution's commitment to excellence and holistic student development remains unwavering, ensuring that each student embarks on a journey of knowledge and self-discovery.

"CIT Celebrates 13th Graduation Day for 2019-23 Batch "

On September 2, 2023, in Bangalore, the Cambridge Institute of Technology (CIT), K R Puram, marked its 13th Graduation Day for the 2019-23 batch. Distinguished achievers were acknowledged at this ceremony, including students who obtained the highest package of 20 lakhs per annum at OSlash, those who earned the Center of Excellence designation from Samsung Prism, individuals who served as IEEE brand ambassadors, and others who accomplished various notable feats.

CIT has made significant strides in supporting research within its departments by establishing Research Centers. These centers enable faculty members to actively engage in research pursuits. As a testament to their dedication and hard work, research scholars who obtained Doctoral degrees from these Research Centers were awarded Certificates in recognition of their academic achievements. The event began with the academic procession led by Mr. Nagangouda S. J, Chief People Officer, Tally Solutions, Bengaluru; Mr. M. S. Srinivasan, Former Group Director, PSG, URSC, ISRO, D K Mohan, Chairman, Cambridge Group of Institutions (CGI); Dr G Indumathi, Principal, CIT and Prof. Vamangudi, Registrar.

"CIT Celebrates 13th Graduation Day for 2019-23 Batch "

On this occasion, 666 students have completed their Engineering and 176 students have completed their post-graduation. About 232 students have secured SGPA between 8.0 to 9.0, 142 students have secured between 9.0 to 10.0. Dr G Indumathi stated that 174+companies visited for recruiting 2023 batch and this batch managed to get over 730 multiple offers, more than 20 unique offers and CAPGEMINI company recruited 236 students.

The dignitaries adorned the dais and Sri D K Mohan declared the commencement of ceremony. After the customary invocation song and Nadagathe by Dr Hemakumar, the Principal, Dr G Indumathi welcomed all the dignitaries, invitees, parents, faculty and graduands. Dr. Indhumathi G, during her welcome address, highlighted our CIT's latest milestones. Cambridge Institute of Technology has secured an impressive 19th position for Placement among the top 70 private institutes. In addition to our commendable rankings, we take pride in our recognition in the NIRF Innovation Ranking, where we've made a notable mark within the Band 101-150 category.

"CIT Celebrates 13th Graduation Day for 2019-23 Batch "

The most awaited moment was receiving their prized course completion certificates. The students of each department were proudly received Baccalaureate Degree from dignitaries. Dr Shashi Kumar D R, HoD of CSE department led the graduates in reciting their pledge of loyalty. The candidates took an oath that they shall discharge their duties in their profession and shall uphold the dignity and integrity of their profession and the honour of the Institution.

In his presidential address, CGI Chairman Shri. D K Mohan highlighted that students and faculty members are the institution's greatest strengths. He stressed the importance of offering quality education and creating an inspiring learning environment. He commended the faculty for their dedication, recognizing them as a crucial pillar of strength. Shri. D K Mohan also acknowledged that education is a continuous journey, not an endpoint, and providing essential infrastructure remains a significant challenge. He emphasized the importance of research and development (R&D) and mentioned the presence of the Samsung Seed Lab on our campus. The chairman addressed the students, stating, "Follow your passions and never compromise on your values," emphasizing that maintaining values is essential for success in life.

"CIT Celebrates 13th Graduation Day for 2019-23 Batch "

Mr. Nagangouda S. J. commended the institute for its unwavering dedication to providing quality education and invaluable support to students in their pursuit of milestones. He also took a moment to express his admiration for our Chairman, Shri. D. K. Mohan, not only for the institute's remarkable achievement of maintaining a zero-waste campus but also for being honored with the prestigious Green Entrepreneur Award for the year 2023.

In his address, Mr. Nagangouda emphasized the importance of young individuals cultivating multidimensional skills, underscoring that learning is an ongoing journey. He encouraged everyone to embrace the concept of unlearning, re-learning, and continuous learning, emphasizing that education is not a destination but merely the inception of a life-long pursuit of knowledge and growth.

Mr. M. S. Srinivasan extended warm congratulations to the graduating students, referring to them as "Trend Setters" poised to make a significant impact. He also commended CIT for its forward-thinking approach in establishing various startups and an Incubation Center within the campus, recognizing the institute's pivotal role in fostering entrepreneurship and innovation.

Parents expressed their joyful gratitude to the faculty and the management in moulding their wards as professionals in the course of study in our Institution.

CIT ECE Students Shine Bright

Cambridge Institute of Technology's Department of Electronics and Communication Engineering proudly announces a remarkable achievement by our fourth-semester students in the prestigious AUTOBOTS competition, hosted at Christ University, Bangalore on September 9, 2023. AUTOBOTS, a national-level event, is renowned for challenging participants to craft innovative autonomous robotic systems. Our students, showcasing exemplary technical prowess and collaborative teamwork, achieved an impressive second-place finish in this highly competitive competition. This accomplishment underscores their dedication and skill in the field of robotics.

"Honoring Environmental Stewardship with Dr. Balaji K"

The All India Council for Technical Education (AICTE) has introduced a transformative initiative mandating that engineering students accumulate 100 activity points by their 8th semester. We proudly recognized 140 students for their commendable social work efforts in collaboration with the Vedan Trust. These activity points aim to instill responsibility and a sense of duty in future engineers, shaping them into well-rounded individuals who understand their role in addressing societal issues. This initiative not only enhances technical skills but also fosters ethical decision-making and responsible citizenship. Additionally, we honored Dr. Balaji K, an environmental steward and lake conservationist, during the event.

VISION AND MISSION OF THE INSTITUTE

VISION

To become a premier institute transforming our students to be global professionals.

MISSION

M1. Develop competent Human resources, and create state-of-the-art infrastructure to impart quality education and to support research.

M2. Adopt tertiary approach in teaching—learning pedagogy that transforms students to become competent professionals and entrepreneurs.

M3. Nurture and train students to develop the qualities of global professionals.
