DEPARTMENT OF CIVIL ENGINEERING

Alumni Interaction on Entrepreneurship

Date:	Time:	Venue:	Event:
22/09/2025	2:00 AM IST	Sir M.V. Block Room- 503	Alumni Interaction

Event at a Glance: An alumni interaction session was organized in the department of Civil Engineering for the 3rd, 5th, and 7th semester students, featuring Mr. Mohammad Bilal, a 2023 graduate and successful entrepreneur. Mr. Bilal shared his journey of building and managing ventures in the transportation and textile industries, offering valuable insights into entrepreneurship, business strategy, and real-world challenges. The session inspired students to explore entrepreneurial pathways and apply engineering principles beyond traditional roles.

Event Report: The session focused on entrepreneurship and aimed to bridge the gap between academic learning and real-world business experiences. Mr. Bilal, who has successfully established ventures in the transportation and textile industries, shared his personal journey from being a student to becoming a business owner. He spoke candidly about the challenges faced during the initial stages of his entrepreneurial career, the importance of resilience, and the role of technical knowledge in building scalable enterprises. The session included interactive discussions where students asked questions about startup strategies, market dynamics, and the integration of engineering skills into business operations. Mr. Bilal's insights provided a practical perspective on career diversification and encouraged students to think beyond conventional employment paths. The event concluded with a strong message on self-belief, innovation, and the value of alumni mentorship in shaping future professionals.

No. of participants: 75 (Civil Engineering, 3rd, 5th & 7th semester)

Outcome of the event: The alumni interaction session with Mr. Mohammad Bilal proved to be highly engaging and inspiring for students of the 3rd, 5th, and 7th semesters. Through his journey from a civil engineering graduate to a successful entrepreneur in the transportation and textile industries, Mr. Bilal offered practical insights into the challenges and rewards of entrepreneurship. Students gained a deeper understanding of how technical knowledge can be applied in business contexts, and were encouraged to think creatively, take initiative, and explore opportunities beyond conventional career paths. The session sparked curiosity,

boosted confidence, and motivated students to consider entrepreneurship as a viable and impactful career option.
